Hospitals – 1915
Nurse Training

NEW HOSPITAL NOW OPEN

Public Invited to Inpect Lamberts Point Institution January 24 and 25

The Journal and Guide 1/16/15

I wish to thank Mrs. K. E. Compage, and the committee of ladies who assisted her in giving the Hayes Song Recital, at the Queen Street Baptist church, on December 22, 1914, for a donation of twenty five dollars ($25.00 to the Lambert's Point Hospital.

The Lambert's Point Hospital will be open to the public for inspection Sunday and Monday, January 24 and 25, 1915, from 9 a. m. to 9 p. m. each day and for the reception of patients Tuesday, January 26, 1915.

The public is cordially invited to call and inspect the building and its equipment on the days of inspection.

Visiting hours at the hospital will be from 2 to 4 o'clock in the afternoon and from 7 to 8 o'clock in the evening.

The friends of the hospital are invited to donate linen, crockery, glassware, such as towels sheets, pillow cases, napkins, cups and saucers, water glasses, knives, forks, spoons, etc., all of which will be very acceptable and serviceable.

It is the hope of the builder that the hospital may render the greatest service possible to the community. No expense has been spared in building and equipment to make it modern and convenient in every particular. The operating room is one of the finest in the South the diagnostic laboratory is splendidly equipped, the beds are especially built for hospital use; with adjustable head rests, the sterilizers are the latest design high pressure style. Two large bath rooms with hot and cold water and marble basins, and each room is furnished with aseptic triple baked enameled furniture. The rooms are equipped with silent electric nurse call signals—a feature not found in any other hospital in this section.

As the hospital is not a money-making enterprise and is a public necessity and will render a public service very much needed, it is my hope that the people of this community will see to it that the hospital will be able to serve the purpose for which it has been built by giving it their support.

I am grateful to the host of friends who have assisted me in their contributions and expressions of approval and encouragement.

The hospital will be operated in the most conservative and scientific manner possible. A competent staff of physicians and surgeons will have charge of the cases, assisted by graduated nurses only. And every detail of the service will have my personal attention.

Visitors will take the Lamberts Point car and get off the car at 38th Street and Parker Avenue. The hospital is located at 42d St. and Parker Ave.

Again thanking the many friends of the hospital for services rendered and hoping the institution will be of service to all.

Very truly,

WILBUR A. DRAKE.

MORRIS BROWN UNIVERSITY ADDS HOSPITAL.

The substantial growth of Morris Brown University, and the overcrowded condition of the city hospitals, as well as the usefulness and unprecedented success of her nurse-training department, and desire to insure efficiency of the institution's nurses, made the demand imperative to install an up-to-date and modern hospital.

Rev. W. Alfred Fountain, Ph.D., the president of the university, and Dr. H. R. Butler, M.D., dean of the nurse-training department, called a meeting of the graduate nurses of the institution, and outlined a plan. Nineteen nurses responded and pledged sincere co-operation.

The matter was carried to Bishop J. S. Flipper, D.D., L.L.D., head of the A. M. E. church in Georgia, and received his unstinted co-operation. President Fountain took the matter to the A. M. E. ministers, outlined a plan, and received their unanimous endorsement. A committee was appointed, and the fourth Sunday in August was set for the rally, at which time $400 was raised, known as the Hospital Fund.

The Fair Haven Hospital, which has been successfully operated with Drs. L. B. Palmer, M.D.; T. H. Slater, M.D.; W. F. Penn., M.D.; H. R. Butler, M.D.; Walters, M.D., and the authorities of Morris Brown University, held conferences and decided to coalesce their interests, thereby assuring the public of a better service and a larger usefulness.

As a result, a beautiful 10-room 2-story dwelling across the street from Morris Brown University has been purchased; and in October there will be a great opening and Atlanta will be favored with a modern up-to-date hospital.

The presiding elders and many of the leading ministers of the State have written Bishop Flipper and President Fountain commendatory letters and sent donations for the establishment of this department of the institution. They are in need of at least $500 or $600, which amount must be had by October 1. Where are the lovers of humanity, who will send a contribution to President Fountain, or Bishop Flipper for this cause? Now is your chance to show your race pride, your love of the greatest educational institutions conducted purely by Negroes, and the most useful department for relieving suffering humanity. The hospital department not only trains young women in nurse training to equip them to be helpful to the sick and afflicted, but to relieve suffering humanity which the race stands so much in need of; and the authorities of Morris Brown University appeal to every race loving colored man to make this department the most useful and helpful in the State. It feels that it can count upon the leading men and women irrespective of denomination to come to its rescue.

For further information, write to President W. A. Fountain, or Bishop J. S. Flipper.

ROANOKE HAS NEW HOSPITAL

Burrell Memorial Recently Chartered Has Fine Staff of Colored Physicians

(Special to Journal and Guide).

Roanoke, Va., November 3—The special meeting which was held last Sunday at Mount Zion A. M. E. Church, will be long remembered. A very large number of men was present from all walks of life, and each one seemed to have the spirit of the meeting. The following program was rendered. Song, Enlisting Soldiers; Prayer, Mr. Thomas Wright, Scripture Lesson, Mr. W. A. Reid; Song, Sovereign Jehovah; The following subjects were ably discussed. Young men, Our hope, Mr. T. T. Traynham; Young men, their Value, Mr. A. J. Oliver; Young men, As Christians, Mr. Jacob L. Reid; A brief but most impressive sermon was delivered by the pastor, Rev. Dr. G. C. Taylor; subject "A Hurried Message." Rev. Taylor is a progressive man, earnest and enthusiastic in his sermons, and those who hear him will long remember his spiritul leadership.

Burrell Memorial Hospital, a thoroughly equipped and modern institution, has recently been granted a charter by the state. It has proven even more than an absolute necessity, and through the splendid accommodations which it offers, much valuable service has been rendered, and no doubt many lives have been saved by the proficient staff in charge.

Staff, S. F. William, M. D., president; J.H. Roberts, M.D. vice preident and secretary; J. B. Claytor, M. D. treasurer; L. C. Cooper M. D. assistant manager; R. J. Boland, M. D., W. R Brown, M. D., E. R. Dudley, D. D. S., E. D. Downing, D. D. S., Mrs. Dai Schley, supervising nurse.

Mrs. Dudley and her son Master Edward Dudley have just returned from a pleasant visit to Raleigh, N. C., her former home. Her father, Mr. Columbus Johnson, came with her and will spend some time in the city.

Mr. W. H. Pierce, and Mr. W. H. Hale returned home Sunday from Raleigh, N. C., where they spent a very pleasant week attending the fair.

Miss Eugene M. Taylor, has been invited to address the Roanoke Civic Betterment Club, (white) Miss Taylor is in charge of the Domestic Science School.

PHILADELPHIANS TO BUILD NEW MERCY HOSPITAL

Building When Completed Will Cost $150,000 — Campaign Committee Raised $5,000 on First Day's Work—Hospital to be in South End of City.

By Rev. Wm. H. Robinson.

Philadelphia, Oct. 29.—Mrs. Paul Lawrence Dunbar will speak on Friday night, Oct. 29th, at the Boys Club, W. Penn. street, Germantown. * * * Edward B. Vandyke, assistant grand secretary of the Grand United Order of Odd Fellows, is severely ill at his home with gastritis. * * * Miss Charlotte Pierce was married to Mr. Benjamin Walker at the First African Baptist church on Wednesday, Oct. 27th. * * * Clifton E. Pittille, the champion Negro welterweight of Penners from 133 to 156 pounds. * * * The Manhattan Y. M. C. A. basketball team of New York City, has secured the services of Frank Forbes of this city as head coach. * * * Rev. William Creditt will lecture on the 26th at the Third Baptist church, 27th, at Alpha church 28th, at Kennett Square 29th, at the Third church, Germantown. * * * Miss Carolyn Goldsborough was married to Mr. John S. Brown on Wednesday evening at the home of Mrs. A. D. Bryant, 1842 Christian street. Rev. Samuel Hill officiated. Miss Julia Sherman was maid of honor. * * * Troupe 144, Boy Scouts, A. P. T. Stephenson Scout Master, will be presented with a new U. S. flag on Thursday evening, Nov. 11th, by the Masonic Centennial committee through Brothers Peter A. Robinson and G. Grant Williams for the excellent services they rendered during the recent celebration. * * * "The Colored World," a new 32-page weekly, published by the Fair Publishing Company, 612-614 Chestnut street, composed solely of race men, made its advent into the journalistic world on Saturday. W. W. Rourk is the editor. The plant cost $100,000.00 and is fitted out with all of the latest improved machinery in making up a first class newspaper plant. * * * Mme. Myra V. Wilds, the blind poetess, assisted by the F. A. Guinn Memorial Chorus (100 voices), Prof. Arthur A. Burchett, director, and Mr. Randolph Smith pianist from Montreal, Canada, will appear at Musical Fund Hall on Thursday evening, Nov. 18th, under the direction of G. Grant Williams. * * * Members of the Mt. Zion Baptist church turned out in large numbers on Sunday to see the Masonic order lay the corner stone of their new church, which is now being built at 1323 South 47th street. Rev. C. W. Gregory is the pastor. * * * The Lincoln Memorial Campaign Committee, with headquarters in the Widener Building, on Thursday launched a campaign for the purpose of raising $150,000 for the new Mercy Hospital for the race in the south end of the city; $5,000.00 was raised the first day. * * * Trustees of the Albany Bible and Manual Training Institute, Albany, Ga., arrived in the city on Monday, and attended a meeting of the

Presbytery at Witherspoon Hall. As a result of which it is likely that the institute will be largely benefited, as the trustees attending from nine states pledged themselves to raise $1,000.00 each for the institution, making a total of $9,000. * * * Record was made last Saturday of the conveyance of the property at the northwest corner of 17th and Fitzwater streets by Walter P. Hall to the Mercy Hospital and School for Nurses of Philadelphia, for a nominal consideration and a mortgage of $8,000. The property includes a three-story brick building and a lot 33x100 feet. It is assessed at $5,900.00, exempt from taxation, in the name of the trustees of the Mercy Hospital. * * * "Broadway Rastus" is the title of the new musical comedy which Manager John T. Gibson will present at Gibson's New Standard Theatre, South street, near 12th, week of November 1st, and is the joint work of Irvin C. Miller, the author; lyrics by Leigh Whipper, music by Domer C. Brown, with harmony arrangements by Robert Ricketts. There will be 36 in the company. The principals are Henry Jines, Lotta Grady, Esther Biogen, Billy Ewing, Carrie Pyrnell, Leigh Whipper, Grace Hoyt, Nettie Starks and Frank Brown. * * * Mrs. Caroline Black and daughter, Florence, and Mr. and Mrs. William H. Black, Jr., of 1720 N. Woodstock street, have moved to 38 South Ruby street, where they will be glad to see their many friends.

HOSPITAL IS REORGANIZED

Lambert's Point Institution Now Owned and Controlled by Board of Trustees

NOW A PUBLIC INSTITUTION

New Board Will Undertake to Raise $5000.00 on Bonded Indebtedness

The Tidewater Hospital, formerly the Lamberts Point Hospital, has been reorganized and is now owned and controlled by the Tidewater Colored Hospital Association, Inc., with the following officers: Rev. Chas. S. Morris, D. D., President; Rev. J. Albert Handy, D. D., Vice-President; Dr. Wilbur A. Drake, Secretary and Mr. Geo. W. Gordon, Treasurer. These with Mr. P. B. Young, Dr. S. F. Coppage, Mr. J. J. Corprew, Mr. R. E. Kindred and Dr. S. I. Moone compose the board of trustees.

Now A Public Institution.

The hospital, which has been built and modernly equipped by Dr. Wilbur A. Drake, has thus become a public institution, admitting all colored physicians to practice on equal terms and is destined to render a great service to the colored people of the community.

The board of trustees, as will be seen, is composed of some of the leading business and professional men of the city, which in itself is a guarantee of the useful service the hospital will give the public.

TIDEWATER HOSPITAL NOTES

An interesting program is being prepared for Hospital Sunday, at the Palace Theatre, January 8, 1916. All the Lodges and Fraternal organizations are being invited to take part in these services. They are asked to send a representative to take part on the program and a purse for the hospital.

Every available space in the hospital is now occupied and we are greatly in need of more room. It is earnestly hoped that the citizens of this community will rally to the support of the hospital in order that sufficient room may be secured for those who apply to enter.

Our weekly surgical clinic is being held regularly, and the Doctors and Trained Nurses are always welcome. The clinic during the past week was very interesting, six abdominal operations were performed, among the surgeons operating last week was Dr. S. L. Cook of Freedman Hospital, Washington, D. C. All the operations were successful and the patients are doing well.

The Ladies Auxillary Board will hold a called meeting on the first Monday afternoon in December, at 5 o'clock. It is earnestly hoped that as many ladies as can will join the Auxillary and attend its meetings. These ladies are doing a splendid service for the hospital and for the uplift of humanity.

Visitors are always welcomed at the hospital. It is your institution, and you should make it a point to become better acquainted with the work it is doing.

Efforts are on foot to establish a charity ward at the hospital, this ward is much needed, and it is hoped that it will soon be realized.

We wish to thank all of those who are soliciting funds for the hospital in the coin chests given out by Nurses Christian, and to ask them to please leave their "chests" at Mrs. Gordons, 520 Cumberland street, as early as possible, so that a complete report of this effort may be made on the first Monday in next month.

HOSPITAL DEDICATED; READY FOR OCCUPANCY

Hannibal, Mo., July 16.—Mrs. Katherine D. Tillman attended the tri-quarto centennial at St. Louis last week, where she read an original poem on Bishop William Paul Quinn, founder of African Methodism in this section. While in St. Louis she was royally entertained by Mrs. M. A. Hedgemon, Mrs. Nettie Crews Woods, Mrs. Edith Harrison, Mrs. Victoria Clay Haley, Dr. and Mrs. W. S. Brooks and others. * * * Sunday is Allen Chapel. A young woman's day at souvenir cookbook will be given to each person in attendance at the services. Sacred concert at 8 p. m. * * * Dr. W. Sampson Brooks, the famous lecturer and candidate for the bishopric in 1916, will be at Hannibal July 26 and speak on "Beyond the Seas." Allen Chapel and the citizens in general will give him a hearty welcome. * * * Rev. C. R. Fox delivered a good sermon Sunday morning on "The Essentials of Discipleship." Dr. Tillman spoke in the evening on "The Transformed Life." * * * Mrs. Ella Hopkins announces that the presiding elder's board, of which she is president, will give a midget wedding Tuesday, August 3. * * * Mr. and Mrs. Carvington of Kansas City, relatives of Mr. Warren Clay, have moved to Hannibal. * * * Dr. Scarborough, president of Wilberforce, will be in the city sometime in August. * * * Mr. James Hobbs of this city and Preston Hall of Rensselaer shipped a nice bunch of hogs to St. Louis on the steamer Dubuque last week and received a neat little sum. * * * Master William Hollyman returned home after spending several days visiting his mother, Mrs. Maud Bassett. * * * Mrs. Celia Lewis returned home after spending several days the guest of Mrs. Eugene Kelly. * * * Mr. Dave Madison of Louisiana spent the fourth of July in our city. * * * Mr. George Lewis, janitor at the union station, who has been employed around the station since shortly after it was built, has been granted a two weeks' vacation. He left Saturday for St. Paul, Minn., to visit relatives. * * * Mrs. Clara Kelley returned home after spending the Fourth of July in our city the guest of Mrs. E. Kelley. * * * Frank Campbell of 715 Hill street desires to hear from his brother, Wesley Campbell, supposed to be in Columbus, Ohio. * * * The Hannibal Browns lost to the Eagles Sunday, the score being 2 to 1 in favor of the Eagles. * * * Tom Sharp left for St. Louis Sunday night on a business trip. * * * George Bell has returned from Rock Island after several months absence from the city. * * * Mrs. Ethel Levels of Louisiana returned home after visiting her sister, Mrs. M. A. Lewis. * * * The dedication ceremonies of St. Elizabeth Hospital took place Thursday, July 8, and were witnessed by hundreds of Hannibal citizens. The exercises were held on a temporary platform in front of the new edifice at 2:30 p. m. The new structure is complete and modern and is almost entirely furnished. This hospital is a handsome brick structure and is as near fireproof as a building can be. Through the efforts of the Literary and Art Club of this city the citizens of Hannibal have furnished two rooms in the hospital and the citizens and their physicians will be allowed to enter.

REPORTS FROM TAG DAY SALES

$1275.00 Already In Hand For Proposed Sanitarium For Colored Consumptives

MORE REPORTS TO FOLLOW

Expected That Enough Money Will Be Raised to Purchase Site.

(Special to The Journal and Guide.)

Petersburg, Va., April 8.—While the reports on the results of the state wide tag day conducted by the Negro Organization Society in the interest of the Tuberculosis sanatorium for Negroes in Virginia are not yet all in the list is nearly complete. Only partial reports have been made from Norfolk, Portsouth, Danville and a few other smaller towns. WANT HOSPITAL FOR NEGROES ONLY

Colored Enthusiasts Busy With Plans to Raise Funds for an Institution.

John Edward West, of 98 South Orange avenue, is chairman of a committee of negroes preparing a plan for raising funds for a hospital for negroes exclusively, to be located in Newark.

The movement will be got under way at a mass meeting to be held on a date which will be announced later. The other persons connected with the movement are: B. M. Brown, Miss Ruth Clark and Mrs. A. F. Holmes, secretaries; Dr. W. H. Washington, treasurer; Miss Northa M. Brown, assistant treasurer; Miss E. Whittington, Mrs. Emma Anderson, Mrs. Walter Darden, C. N. Anderson, Thomas Custuc, H. Brown, A. F. Holmes J. H. Vanlew, LeRoy Miller, B. A Ogburn, Arthur Selvy, E. Coleman Oliver Woods and Frank Hicks. The board of managers is Miss E. Whittington, Mrs. Romulus A. Matthews and J. E. West.

In the latest number of the Public Announcer Mr. West explains the situation thus:

"We have been working for some time to secure in the city of Newark a hospital for colored people.

"To create our first funds we intend to hold a monster mass meeting, the largest ever held in Newark, at one of our churches. We will have noted orators and fine music, admission to be twenty-five cents. All nationalities, the Jews, Germans and others, own a hospital except our race. We need one badly, and must have it.

"Some people say it is too hard and won't amount to anything; others say we have the City Hospital and that is enough. I say we can do anything anybody else can, and we must have a place to lay our heads. The City Hospital is foreign to us, but a hospital in the city of Newark for colored people would be a home.

"Somebody is always talking about what we need, but yet not anybody is busy. We have a great many churches and other things. Now let us get what we haven't got, but need most."

The New Lamberts' Point, Hospital

The Journal and Guide 2/20/15

The above picture represents the new Lambert's Point Colored Hospital, located at Forty-second Street and Parker Avenue, which has been completed and is now open to the public. Dr. Wilbur A. Drake the builder and physician-in-charge announces that it is his hope that the hospital may render the greatest service possible to the community. No expense has been spared in building and equipment to make it modern and convenient in every particular. The operating room is one of the finest in the South. The diagnostic laboratory is splendidly equipped, the beds are especially built for hospital use: with adjustable head rests, the sterilizers are the latest design, high pressure style. Two large bath rooms with hot and co'd water and marble basins, and each room is furnished with antiseptic triple baked enameled furniture. The rooms are equipped with silent electric nurse call signals—a feature not found in any other hospital in this section.

Annual Report Freedmen's Hospital

Jan 9 1915

A copy of the Annual Report of the Surgeon-in-Chief of the Freedmen's Hospital, at Washington, D. C., to the Secretary of the Interior has been received and is a record of substantial progress made by this old and important institution.

During the year ending June 30th, 3,348 patients were received at the Hospital, as against 3,335 the preceding year. Of the total number admitted, only 285 were pay patients, showing what a splendid service this institution is rendering to its community. Of the 3,036 indigent patients received, 1,389 were residents of the States, and 1,674 were from the District of Columbia. The report also shows that 256 deaths occurred from all causes, as against 276 the year before. The report says, "This is not regarded as a very high death-rate when it is remembered that a large number of patients come from homes surrounded by the worst sanitary conditions, half-fed, improperly clothed, and seeking Hospital treatment as a last resort."

During the 21 years of its existence, the Freedmen's Hospital has sent out 263 young women who are actively engaged in serving their respective communities.

Dr. W. A. Warfield is the Surgeon-in-Chief.

TUBERCULOSIS HOSPITAL FOR NEGROES

The Sanatorium

The main building of the Wilson Tubercular Home and Hospital for Negroes, just completed at Wilson, N. C., is used as a center for training nurses and testing the ailment of patients. In addition to this main building there is a farm of 40 acres, half of it in pine woods, on which it is hoped that buildings may be erected for patients who are able to work while taking the treatment.

Hours 9 to 1 & 2 to 5. Thursday and Saturday 7 to 8 P. M. Sunday 10 to 12.

ANNOUNCEMENT.

We have located a permanent institute in Richmond.

We desire to secure a few cases in each community within 100 miles of this city. We want these few cases at once for advertising purposes. We want those cases that are incurable by ordinary methods. We want to prove what the United System will do. To get these we are going to make the following

FREE OFFER.

Until February 25th we will give free examination and free consultation to all comers. Those cases which are curable we will accept for treatment absolutely free of charge, except for the medicines used.

We treat diseases of the nerves, blood, skin, heart, liver, stomach, kidneys, including rheumatism, paralysis, goitre, constipation, catarrh, epilepsy, indigestion, dyspepsia, weak back, bloating, dropsy, eczema, scrofula, piles, hernia or rupture, diseases of women and diseases of men.

We make no failures. We can't afford to. We accept for treatment only curable cases and take no money from those that are incurable.

To prove to you that chronic diseases are our life study, and that we know the human body to the most minute detail, we will undertake to diagnose any case in a few minutes, describing every ache and pain, without asking the patient a single question. To aid us in diagnosis we have instruments of our own, used by no other doctor.

If you have any chronic or long standing trouble, call at once and take advantage of this Grand Free offer.

CONSULTATION FREE.

BIG ATTENDANCE MARKS NEGRO HOSPITAL OPENING

Institution On West Chestnut Re-established After Suspension of Two Years.

More than 500 persons visited the Citizens National Hospital, a negro institution, which officially reopened its doors, after a suspension of two years, at 1525 West Chestnut street yesterday, with an informal reception from 10 o'clock in the morning until that hour last night.

The hospital is a continuation of the old Louisville Medical College Hospital at First and Green streets, and will operate under the charter of the former negro medical college. It is planned to re-establish the college as soon as the West Chestnut-street hospital is put on a solid basis of operation.

By the sale of the property at First and Green streets and by personal subscriptions, trustees of the hospital fund raised $15,000 with which to reopen the negro hospital. The building is provided with furnished operating rooms and with fifteen rooms for patients.

Short exercises were held at the hospital at 3 o'clock yesterday afternoon when the Rev. Dr. C. H. Parrish, president of the organization, outlined plans for the operation of the hospital and for the reopening of the medical college. He said the hospital was not altogether a charitable institution, but that it was prepared to care for needy negroes when emergency demanded.

Trustees of the hospital are Dr. F. G. Fowler, C. W. Houser and P. R. Peters.

SHIPPING LIST

JUN 4 1915

NEGRO NURSE GRADUATE

One of the largest audiences among the negro population assembled last night at the First Street Methodist Episcopal Church, T. V. Robinson, pastor, to witness the graduation of a class of trained nurses from the Providence Sanitarium, a negro enterprise organized and fostered by Dr. James T Newman.

The entire program was out of the ordinary. The feature of the evening was the splendid address of J. Madison Vance. His tribute to the trained nurse was very pathetic.

The Chicago Defender

Yates Women's Club to Have Race Institution to Train Nurses and Internes—Business Men's League Has Donated the Plumbing

5/15/15

SUBSCRIPTIONS NEEDED.

Parent-Teachers' Association Meet at Sumner High School—Mrs. C. O. Lewis Voted Thanks for Preparing Delicious Meals in Domestic Science Department.

(By a Special Correspondent.)

Cairo, Ill., May 14.—The Yates Women's Club is planning to open a hospital for the race. This noble band of women are determined that they will have an institution of their own where young women of the race can be trained and an opportunity given to young physicians for experience in the practice of medicine and surgery. These women have been working for years to secure a suitable building to start their project, and finally it will come to pass at an early date. The Business Men's League will donate the plumbing. The president of the club is Mrs. F. S. Fields, and she is being ably assisted by the women of the city. Every loyal citizen of this community will be called upon to give their assistance financially in this noble cause. Preparatory to the opening there will be a big street parade and special services. Some time later on Dr. David Hale Williams, the noted surgeon of Chicago, will be invited to perform operations. The opening day Dr. E. W. Springs of Dewmaine, Ill., will deliver the principal address, and other local physicians will participate in the ceremonies.

Parent-Teachers' Association.

The Parent-Teachers' Association met in Sumner High School Assembly Room, Wednesday, May 5, 1915, at 3:30 p. m. The meeting was called to order by Mrs. A. A. Martin, president. The following program was rendered: Solo, Prof. E. C. Hamilton; paper Mrs. Tama Rutland; reading, Miss M. V. Scott; solo, Mrs. Matilda Candee; address, "The Evolution of the Child," Prof. D. A. Forbes; song, Eighth Grade.

The organization voted to suspend its meetings for the summer vacation and resume its work the first Wednesday in September.

It was moved and seconded that the organization return Mrs. C. O. Lewis and the Domestic Science girls a vote of thanks for the hospitality shown them by serving delicious cake and sherbet.—Mrs. A. A. Martin, President; Lyda M. Tyler, Secretary; Lena Bates, Reporter.

CLOSING EXERCISES WEDNESDAY NIGHT

OF CHARITY HOSPITAL TRAINING SCHOOL FOR NURSES

Only One Graduate

Exercises will be Held at First African Baptist Church, Franklin Square

The twentieth annual closing exercises of the Charity Hospital Training School for Nurses will be held next Wednesday night at the First African Baptist Church, Franklin square, at 8:45 o'clock.

A large crowd will undoubtedly be present at the exercises. Rev. T. Jefferson Goodall, pastor of the church, will deliver the principal address. The graduating class will consist of one member, Mrs Maud E. Cohen.

Charity hospital is the only institution of its kind in the city where Negro physicians are permitted to perform operations and attend their patients. The faculty is composed entirely of Negro physicians, Dr. W. C. Blackman being the superintendent.

The institution is partly supported by the city and partly by donations and subscriptions made by Negroes and charitable whites. The following program will be rendered:

Selection, choir.
Invocation, Rev. J. S. Stripling.
Selection, Mr. J. M. Ferrebee.
Opening address, Dr. I. D. Williams
Selection, Miss Amanda Jones.
Annual address, Rev. T. Jefferson Godall.
Selection, Mr. N. A. Cuyler.
Presentation of diplomas, Mr. P. A. Denegall, 2nd Vice President of Board of Trustees.

Augusta's Negro Sanitarium

Dr. G. S. Burruss, as a physician is in all things up to date. He has practiced in this city for a long period of years and thru ability and attention to his patients has earned a fortune. He has a plenty of this world's goods and is as unpretentious as a school boy. As a surgeon he has performed many difficult operations successfully. Years ago, seeing the need of a hospital where our sick and injured could be carried and looked after by our own physicians, he erected at 9th and Gwinnett streets an up-to-date sanitarium thoroughly equipped with the latest improved devices. In addition there is a nurse training department which has graduated some of the most successful nurses the city has had. The undertaking has succeeded beyond the doctor's expectations, and now I learn 8 or 10 additional rooms are to be added, these being made necessary by the increase of business. This sanitarium is made doubly necessary by reason of the fact the Lamar (Negro) hospital has been merged in the University Hospital, where Negro physicians and surgeons are not allowed to operate. As a matter of fact our physicians were not permitted to operate at this hospital prior to its removal. But for the foresight and progressiveness of Dr. Burruss our people would to-day be virtully without proper hospital accommodations, and the Negroes of the city owe him a debt of gratitude.

AUGUSTA

COLORED SANITORIUM

"TAG DAY"—MARCH 27

Tuskegee Int., Ala., Mar. 8—Miss Agnes D. Randolph, a Southern white lady of Richmond, who is the executive secretary of the Anti-tuberculosis Association of Virginia, is helping to organize a campaign to raise funds for the establishment of a sanitorium which will care for colored consumptives.

3/20/15

Saturday, March 27th, will be observed by the colored people throughout Virginia as "Tag Day." Money will then be raised through the sale of tags to buy land for the sanitorium. White friends have pledged themselves to help the colored people raise money for the necessary buildings.

The Negro Organization Society, through President John M. Gandy of the Petersburg Normal school, who is the executive secretary, has assigned colored agents to work for a state-wide observance of "Tag Day."

The colored ministers of Virginia are asked by the Negro Organization Society to preach health sermons on Sunday, March 21st, and to take up a collection for the purchase of a farm on which to locate the sanitorium for colored consumptives.

MANY CONTRIBUTE TO HOSPITAL FUND

The campaign inaugurated a few days ago by the canvassing committee of the Tidewater Colored Hospital has resulted in raising $248.69 up to the time of going to press with this issue of the Journal and Guide. Dr. S. F. Coppage, the chairman, has a small corps of workers out and they are meeting with some encouragement. The committee hopes to announce at least a thousand dollars in hand by the end of next week. The names of the donors are displayed on a bulletin in the front window of the Journal and Guide office and the total will be changed daily as the fund grows. There are also on display a portrait of the hospital and several of the gold bond certificates which have been given to contributors. The names of the donors will also be published in the Journal and Guide beginning with the next issue.

TO RAISE $150,000 FUND FOR NEGRO HOSPITAL

Place Institution in Central Section With Retreat in Suburbs

More than 200 workers started yesterday a 10-day campaign to raise $150,000 for the Lincoln Memorial Hospital for negroes. The work was bgun in the committee's headquarters, in Room 206, Widener Building.

It is planned to locate a hospital in the heart of the most thickly populated negro section of the city. A retreat in a rural section is also planned for the care of the convalescents. The scheme is to make the work general in scope and offer aid and treatment to the negroes of the entire State. The plan has been so arranged as to make the institution practically self-supporting, once it is established. The rural retreat is to be equipped with a farm, so that it can supply the city institution with food and dairy supplies.

CONCERT FOR BENEFIT OF NEGRO INFIRMARY

Advertiser 2-8-15

Williams Colored Singers, a world-famous organization of negro voices will be heard in Montgomery tonight when they will sing at the Montgomery Theatre for the benefit of Hale Infirmary. There are eight members in the company and the organization has met success in America and nearly all parts of Europe.

The singers are reputed by critics to have a group of the smoothest and best cultivated voices ever heard among negro singers. They render a varied program, including jubilee songs, negro melodies, ballads, ragtime songs, classic selections and sacred songs.

TAG DAY.

Monday, May 11, has been designated as Tag Day for the benefit of the Hale Infirmary. This institution has proven itself a worthy and its scope of usefulness is known generally. It has no income except a nominal charge paid by patients, many of its patients are unable to pay any part of the small charges that are made. In view of the value of this infirmary to the entire citizenship of Montgomery and vicinity and the need of funds, it is hoped that everybody that can will contribute as liberally as possible to this cause on Tag Day.

$10,000 FOR DOUGLASS HOSPITAL

Harrisburg, Pa., May 14.—The Senate passed to the first reading a number of appropriations made by the House Wednesday. Among them were Douglass Hospital, Philadelphia, $10,000, and the Colored People's Home, Williamsport, $3,000.

SHALL PROVIDENT HOSPITAL BE CLOSED

Board of Directors Claim Lack of Adequate Support on Part of the Public and Consider Closing of Institution

To the Citizens of St. Louis:

We, the Board of Directors of Provident Hospital, are seriously contemplating the closing of it, because of the lack of adequate support and proper appreciation of the work on the part of the general public.

The financial condition of the institution is good at present. The property is free from debt and there is a nucleus of a building fund in the bank amounting to $1,117.20, the cash result of the campaign of 1914. The obligations for current expenses are less than $200, with some good outstanding claims.

The building is in fair condition, although it has been about two years since it was renovated.

The hospital ought not to be closed, but in order to keep it open, it is imperatively necessary that assistance in the form of service or money, or its equivalent, be immediately forthcoming.

Some of us have been in the work almost ever since the hospital was opened twenty years ago, and are willing to continue promoting it under the leadership, or with the cooperation, of others.

We have been criticised in the past, and justly so in many instances, and we do not expect to be immune from it in the future, as all institutions for the people are more or less the objects of criticism. We have no feeling of resentment on that account against any one, but on the contrary have tried to remedy the defects complained of if they were of a substantial character.

We are proud of the fact that we, and those who have been associated with us in the past, have been able to maintain and keep alive the institution under such adverse conditions, and that we have had the confidence of the general public to the extent of enabling us to put $6,000.00 in a piece of property, besides keeping up expenses, and to be practically out of debt at the end of nearly twenty years.

The hospital ought to be kept open for many reasons, among which are the following:

Because it affords the only opportunity for our young women to take a course in nurse training in the city, and that of itself is a sufficient reason for its continued existence.

Because it is the only institution in the city where our colored physicians can treat their patients, but that is not a sufficient reason for thinking that they should be responsible for the expenses of maintaining it, as the physician must sometimes give up a part of his usual fee for the hospital service.

Because many of the white physicians can treat their colored patients only in our institution, and they furnish about half of the patients.

And, lastly, because of the business experience gained by us in successfully conducting a hospital.

"Is it nothing to you" if Provident Hospital should close its doors?

Board of Directors of Provident Hospital,
Edward S. Williams, President.
Hutchins Inge, Secretary.

LAST FIGHT FOR SANITARIUM

Dr. McCard Thinks Sentiment Should be Created by Leaders

The Afro American Ledger 7/19/13

That the leaders among the colored people should wage a fight for a sanitarium where infectious and other diseases may be treated was the opinion of Dr. H. S. McCard.

Dr. McCard delivered an address before the recent Health Conference in which he sharply criticised the conditions in the alleys and the lack of provision by the State for the care of the colored sick. His remarks were given substantial publicity and many white physicans have since assured him that they did not know that conditions are as bad as represented.

"I think that this is the time to create sentiment for the correction of conditions" Dr. McCard told a representative of the Afro-American Ledger. Most of us who live under favorable conditions do not know what the alley residents have to undergo. The poorest sanitary arrangements, filthy approaches, houses badly in need of repairs, and in many instances not fit for hogs to dwell in, are the sights that greet one.

"If Baltimore, unlike Washington and a few other cities, cannot find a way to eliminate alley homes, then in at least do one thing—pass legislation that will make the mercenary owners of these homes put them in somewhat habitable condition. The office of Building Inspector should have power to make owners keep their houses in proper condition.

"I also favor the enactment of legislation to establish a sanitarium where tuberculosis and other diseases may be treated. The next Legislature should be appealed to for this. Let us begin the fight now."

NEGROES HAVE DAY AT HOSPITAL FAIR

Expect To Add Big Sum To Proceeds of Chif; Large Crowd Expected

Colored Day at the Charity Hospital International Fair, to be celebrated Monday, promises to be a most successful event. The negro citizens throughout the city, anxious to show their appreciation for the good that has been done the sick and afflicted of the race taken to the Charity Hospital, will attend the eevnt in great numbers, and it is almost certai nthat a large sum of money will be given to the general fund.

J. Madison Vance will be chairman of Colored Day. He will be assisted by a large number of negroes of influence. The indications are that a record-breaking crowd will visit the Washington Artillery Hall and will liberally patronize the booths that have been arranged in most attractive style.

Sylvanie Williams, leader among the negro women of New Orleans and the State, is chairman of the woman's branch of the event. Like the chairman of the general committee, she has the support of a large number of women of her race, and they have all agreed to co-operate with the chairman and make Colored Day a great financial success.

The fair management has provided a pleasing and entertaining program for the colored people and those who attend Monday night will have a pleasant time. Dancing will form one of the chief amusement features.

MERCY HOSPITAL TO BUILD NEW PLANT

Special to The New York Age.

PHILADELPHIA, Pa., Feb. 17.—A hospital building, representing an outlay of $50,000, a three-story building adjacent for a nurses' home and a small sanatorium in the suburbs, on a farm of about forty acres to be purchased for that purpose, where convalescent patients can recuperate, is the projected plans of the Mercy Hospital, to be located at Seventeenth and Fitzwater streets. The site for the new plant was purchased a few days ago, and is situated on Twenty-second street, below Reed, covering a plot 48 x 110 feet.

Dr. Algernon B. Jackson, superintendent of the hospital, announces that the move is the result of several years careful planning. A unique campaign for funds is being conducted. Envelopes are supplied friends of the institution and they are requested to drop ten cents a day in the envelope and when it is filled to return it to the building committee. The campaign is to continue for sixty days.

The building committee consists of Nathan T. Folwell, president; Dr. A. B. Jackson, Dr. E. T. Hinson, John W. Harris and Dr. H. M. Minton.

WANTS HOME FOR NEGROES.

To the Editor of the Herald:—

One of the most pressing needs of the negroes of New York is a home in which patients recovering from medical treatment can convalesce. They are invariably denied admission to existing homes for convalescents.

The National League on Urban Conditions Among Negroes has been reasonably assured that if it can secure a suitably assured that, if it can secure a suitor twenty-five persons can be accommodated, funds for the equipment and maintenance of the home will be donated by a wealthy New York corporation.

I should like very much to have some liberal minded person communicate with me if he knows of, or has in his possession, a suitable house which can be used, with or without rent, for such a home.

EUGENE KINCKLE JONES,
Associate Director, National League on Urban Conditions Among Negroes, No. 2,303 Seventh avenue.
New York City, April 21, 1915.

New Hospital Planned for Negroes

For the purpose of erecting a new hospital in the southern section of the city, with a view toward benefiting particularly the negro residents of the section, a fund-raising campaign is being conducted by officials and workers of the Mercy Hospital, now situated at 17th and Fitzwater streets. A plot of ground has already been purchased as a site for the proposed institution at 22d and Reed streets. Here a hospital with all the latest improvements will rise and will cost about $50,000. Ground will be broken for the work in the spring.
